Skills

Programming Languages: Golang, PHP, MySql, AWS, Javascript, Angular, Postgres, Angular Js

Projects

QOD (Quiz Of The Day) *Golang, Postgres DB* - Byju's running a daily quiz on their app for students to boost their knowledge. I have created the APIs for this project using golang and Postgres databases. Some features of this project are - the Attempt Daily quiz, daily leaderboard, and weekly leaderboard.

Crystal Platform *Node Js, Angular Js, Angular 10* - Aakash edu. Tech. Is using a crystal platform built on nodejs and angular js and opentok media server To conduct the live classes. I have upgraded this platform from angular js to angular 10 to enhance the performance. - https://crystal.Meritnation.Com

Meritnation *Webpack, AWS, Cloudfront* - I have done changes in https://meritnation.Com to improve the

performance, stability, and security of the Platform such as - webpack, and CDN (CloudFront). - https://meritnation.Com

Gullyy Cricket *Laravel, Angular* - This is an online betting game. I have created this game's logic using laravel and PWA Application using angular 8.- https://gullyy.Com

Mindmaster Zambia *Laravel, Ionic, Angular* - This was another online game like KBC. I have created backend APIs using laravel and android applications using ionic framework with angular.

Emorize *Angular, Codeigniter, AWS* - I have built this platform using angular 8.0 and laravel to provide on-demand recorded video streaming using AWS. I have used a few AWS services for that such as - s3 (for storage), Cloudfront (for CDN), media transcode (adaptive bitrate streaming), media transcribe (to generate Transcript), and ec2 (for server).

Symposium Go *Codeigniter, Bootstrap, Javascript* - This application was built using Codeigniter and used to conduct live webinars using goto meeting APIs.

Awards

Dec 2019 **Employee of the month**, Awarded as an employee of the month in Dec 2019 by Queppelin Tech. *Queppelin*

Jan 2020 **Best Team**, Win the best team award in Jan 2020 by Aakash Edu. Tech. *Aakash Edu. Tech.*
